- PLEASE DO NOT WEAR DEODORANT, POWDERS OR LOTIONS THE DAY OF YOUR EXAM.

- IF YOUR PREVIOUS MAMMOGRAM WAS TAKEN OUTSIDE THE HENRY FORD SYSTEM, PLEASE OBTAIN THE EARLIER STUDY AND BRING IT WITH YOU ON THE DAY OF YOUR APPOINTMENT.
   (Former Metro Medical Clinics are now Henry Ford facilities)

Day & Date of Appointment:________________________________________________________

Time: __________________________________ at the Fairlane Medical Center Breast Imaging Department on the Lower Level.

Please remember that while mammograms are the best single method of detecting breast cancer, they do not find all breast cancers! It is very important for you to do monthly breast self-examination, and have your doctor perform a yearly clinical breast examination.
